

Shared integration between an external Pay Service and your accounting software is now possible thanks to **Magik-PS**. Whether your accounting system is Acoma, Advantage, Sage Accpac, Great Plains, SAP, SAP Business one or Simply Accounting, our payroll processing service will simplify your task with automatic GL entries every pay period.

If you find that employee payroll data collection is a complex and time consuming process that prevents you from concentrating on your strategic business activities, why not outsource these tasks to our specialists who will do the work for you at a lesser cost?

We offer a wide range of customized services designed to meet the needs of your business. Simple, efficient and affordable, our services will simplify and improve payroll processing and daily management of group insurance benefits, time and attendance and human resources.

Whatever service you choose to take advantage of you will only be invoiced for the actual services rendered.

Our products and services comply with all the provincial or state laws and regulations of Canada and the United States. We can also process payrolls for the construction industry at no extra cost.

From payroll data collection to cheque and pay slips, Magik-Pay will help you simplify payroll processing.

Customized Services

Not every company relies on comprehensive outsourcing payroll services. Those needs will vary from one company to the next. This is why Magik-Pay has developed customized services designed to fulfill short term or specific outsourcing requirements.

Emergency Payroll Service

Even if your company has its own payroll service, unforeseen events or circumstances beyond control may prevent timely processing of your payroll. Our emergency Payroll Service can help process your payroll in less than 24 hours and for as many pay periods as necessary.

Pay as you go Services

Depending on your level of involvement in the payroll process you may decide to purchase Magik-PS only for specific tasks such as processing pay slips, processing direct deposits, managing governmental remittances, producing T4 slips, printing reports, managing employee profiles and much more. You can count on Magik-PS to provide the customized tools and support you need to achieve your goals.
